Sec. 715. The department shall ensure that any contract, funded from appropriations in part 1, with a public or private party to operate a facility to house state prisoners includes a provision to allow access by both the office of the legislative auditor general and the office of the legislative corrections ombudsman to the facility and to appropriate records and documents related to the operation of the facility. These access rights for both offices shall be the same for the contracted facility as for a general state-operated correctional facility.

Sec. 716. From the funds appropriated in part 1, the department shall submit a report by May 1 on the actual and projected savings achieved by closing correctional facilities. Savings amounts shall be itemized by facility. When the department is planning to close a correctional facility, the department shall fully consider the potential economic impact of the prison closure on the community where the facility is located. The department, when weighing all factors related to the closure of a facility, shall also consider the impact on the local community where the facility to be closed is located.

Sec. 718. From the funds appropriated in part 1, the department shall report on the department's plans to close, consolidate, or relocate any correctional facility in the state. The report shall be provided at least 30 days prior to effective date of closure, consolidation, or relocation.

Sec. 719. The department shall consult with the legislature and other appropriate state agencies to develop a framework to provide investment in communities that have formerly operational state correctional facilities that have been closed. This framework shall include plans to ensure that vacant state correctional facilities do not become a nuisance or danger to the community.

Sec. 720. From the funds appropriated in part 1, the department shall make an information packet for the families of incoming prisoners available on the department's website. The information packet shall be reviewed by February 1 and updated as necessary. The packet shall provide information on topics including, but not limited to: how to put money into prisoner accounts, how to make telephone calls or create Jpay email accounts, how to visit in person, proper procedures for filing complaints or grievances, the rights of prisoners to physical and mental health care, how to utilize the offender tracking information system (OTIS), truth-in-sentencing and how it applies to minimum sentences, the parole process, and guidance on the importance of the role of families in the reentry process. The department may partner with external advocacy groups and actual families of prisoners in the packet-writing process to ensure that the information is useful and complete.

Sec. 721. The department may accept in-kind services and equipment donations to facilitate the addition of a cable network that provides programming that will address the religious needs of incarcerated individuals. This network may be a cable television network that presently reaches the majority of households in the United States. A bilingual channel affiliated with this network may also be added to department programming to assist the religious needs of Spanish-speaking inmates. The addition of these channels shall be at no additional cost to this state.

The county shall not be eligible for reimbursement under this section if the department has declined to receive the prisoner at intake from that specific county because the county lacks appropriate COVID-19 safeguards or is experiencing a COVID-19 outbreak within its jail operations. A county shall not receive reimbursement payments under the county jail reimbursement program for the prisoners and days reimbursed under this section.

For a qualified unit that is a road commission, the department of transportation, in cooperation with the department of treasury, may intercept an available state revenue distribution.

(b) The qualified unit shall not provide contractual benefit enhancements unless the contractual benefit enhancement is 100% prefunded. (c) A qualified retirement system with a discount rate or assumed rate of return less than or equal to 7% must assume a discount rate or assumed rate of return of not more than the current rate. (3) Grant awards under this section must be capped at \$170,000,000.00 for any qualified unit's qualified retirement system.

(4) The department of treasury shall develop, and publish on the department website, program guidelines, an application process, and the associated application materials no later than April 15, 2023. Sec. 252. The appropriations in part 1 for Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan are contingent on the provisions of the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, that were contained in 2013 PA 107 not being amended, repealed, or otherwise altered to eliminate the Healthy Michigan plan. If that occurs, then, upon the effective date of the amendatory act that amends, repeals, or otherwise alters those provisions, the remaining funds in the Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan line items shall only be used to pay previously incurred costs and any remaining appropriations shall not be allotted to support those line items.

Sec. 258. (1) In collaboration with the department of education and the department of state police, the department shall promote and support initiatives in schools and other educational organizations that include, but are not limited to, training for educators, teachers, and other personnel in school settings for all of the following:

This subsection does not apply to the submission of a waiver, a state plan amendment, or similar proposal that does not propose a material change or is outside of the ordinary course of waiver, state plan amendment, or similar proposed submissions.

(2) The department shall provide written reports on a semiannual basis to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the state budget office summarizing the status of any new or ongoing discussions with CMS, the United States Department of Health and Human Services, or other federal agency regarding potential or future waiver applications as well as the status of submitted waivers that have not yet received federal approval. If, at the time a semiannual report is due, there are no reportable items, then no report is required to be provided.

Sec. 264. The department shall not take disciplinary action against an employee of the department in the state classified civil service for communicating with a member of the legislature or his or her staff, unless the communication is prohibited by law and the department is exercising its authority as provided by law.

Sec. 270. The department shall advise the legislature of the receipt of a notification from the attorney general's office of a legal action in which expenses had been recovered according to section 106(6) of the social welfare act, 1939 PA 280, MCL 400.106. By February 1 of the current fiscal year, the department shall submit a written report to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the state budget office that includes, at a minimum, all of the following:

(1) The department, in collaboration with the state budget office, shall submit to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the house and senate policy offices 1 week after the day the governor submits to the legislature the budget for the ensuing fiscal year a report on spending and revenue projections for each of the capped federal funds listed below. The report shall contain actual spending and revenue in the previous fiscal year, spending and revenue projections for the current fiscal year as enacted, and spending and revenue projections within the executive budget proposal for the fiscal year beginning October 1, 2023 for each individual line item for the department budget. (2) It is the intent of the legislature that the department, in collaboration with the state budget office, not utilize capped federal funding for economics adjustments for FTEs or other economics costs that are included as part of the budget submitted to the legislature by the governor for the ensuing fiscal year, unless there is a reasonable expectation for increased federal funding to be available to the department from that capped revenue source in the ensuing fiscal year.

(3) By February 15 of the current fiscal year, the department shall prepare an annual report of its efforts to identify TANF maintenance of effort sources and rationale for any increases or decreases from all of the following, but not limited to:

- (a) Other departments.
- (b) Local units of government.
- (c) Private sources.

Sec. 275. (1) On a quarterly basis, the department, with the approval of the state budget director, is authorized to realign sources between other federal, TANF, and capped federal financing authorizations in order to maximize federal revenues. This realignment of financing shall not produce a gross increase or decrease in the department's total individual line item authorizations, nor will it produce a net increase or decrease in total federal revenues, or a net increase in TANF authorization.

(2) On a quarterly basis the department shall report to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the house and senate policy offices on the realignment of federal fund sources transacted to date in the current fiscal year under the authority of subsection (1), including the dates, line items, and amounts of the transactions. If, at the time a quarterly report is due, no transactions were made under subsection (1), then no report is required to be provided.

(3) Within 30 days after the date on which year-end book closing is completed, the department shall submit to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the house and senate policy offices a report on the realignment of federal fund sources that took place as part of the year-end closing process for the previous fiscal year.

Sec. 280. - (c) Actual year-to-date expenditures for personnel-related costs, by fund source, through the end of the prior month.
- (d) The projected year-end balance or shortfall for personnel-related costs, by fund source, based on actual monthly spending levels through the end of the prior month.
- (e) A specific plan for addressing any projected shortfall for personnel-related costs at either the gross or fund source level.

Sec. 288. (1) Beginning October 1 of the current fiscal year, no less than 90% of a new department contract supported solely from state restricted funds or general fund/general purpose funds and designated in this part or part 1 for a specific entity for the purpose of providing services to individuals shall be expended for those services after the first year of the contract.

(2) The department may allow a contract to exceed the limitation on administrative and services costs under subsection (1) if a grantee can demonstrate to the department that an exception should be made to the provision in subsection (1).

(3) By September 30 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on the department budget, house and senate fiscal agencies, and state budget office on the rationale for all exceptions made to subsection (1) and the number of contracts terminated due to violations of subsection (1). If, at the time the report is due, no contracts were terminated due to violations of subsection (1) and no exceptions were made under subsection (2), then no report is required to be provided.

Sec. 289. By March 1 of the current fiscal year, the department shall provide to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the senate and house policy offices an annual report on the supervisor-to-staff ratio by department divisions and subdivisions.

Sec. 290. Any public advertisement for public assistance shall also inform the public of the welfare fraud hotline operated by the department.

Sec. 296. From the funds appropriated in part 1, the department to the extent permissible under section 8 of 1964 PA 170, MCL 691.1408, is responsible for the necessary and reasonable attorney fees and costs incurred by private and independent legal counsel chosen by current and former classified and unclassified department employees in the defense of the employees in any state or federal lawsuit or investigation related to the water system in a city or community in which a declaration of emergency was issued because of drinking water contamination.

Sec. 297. (1) On a quarterly basis, the department shall report to the senate and house appropriations committees, the senate and house appropriations subcommittees on the department budget, and the senate and house fiscal agencies the following information:

(b) A comparison by line item of the number of FTE positions authorized from funds appropriated in part 1 to the actual number of FTE positions employed by the department at the end of the reporting period.

(2) By March 1 of the current fiscal year, the department shall report to the senate and house appropriations committees, the senate and house appropriations subcommittees on the department budget, and the senate and house fiscal agencies the following information:

(c) Estimated net cost savings achieved by the department by remote work.

(d) Reduced use of office space associated with remote work.

Sec. 299. (1) No state department or agency shall issue a request for proposal (RFP) for a contract in excess of \$5,000,000.00, unless the department or agency has first considered issuing a request for information (RFI) or a request for qualification (RFQ) relative to that contract to better enable the department or agency to learn more about the market for the products or services that are the subject of the RFP. The department or agency shall notify the department of technology, management, and budget of the evaluation process used to determine if an RFI or RFQ was not necessary prior to issuing the RFP.

(2) From funds appropriated in part 1, for all RFPs issued during the current fiscal year where an existing service received proposals by multiple vendors, the department shall notify all vendors within 30 days after the RFP decision. The notification to vendors shall include details on the RFP process, including the respective RFP scores and the respective cost for each vendor. If the highest scored RFP or lowest cost RFP does not receive the contract for an existing service offered by the department, the notification shall issue an explanation for the reasons that the highest scored RFP or lowest cost RFP did not receive the contract and detail the incremental cost target amount or service level required that was required to migrate the service to a new vendor. Additionally, the department shall include in the notification details as to why a cost or service difference is justifiable if the highest scored or lowest cost vendor does not receive the contract.

(3) The department shall submit to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office by September 30 of the current fiscal year, a report that includes the following:

(a) A summary of all RFPs issued for a contract in excess of \$5,000,000.00 including whether an RFI or RFQ was considered, and whether an RFI or RFQ was issued before issuing the RFP or whether the issuance of an RFI or RFQ was determined not to be necessary.

(b) A summary of all RFPs during the current fiscal year if an existing service received proposals by multiple vendors.

(c) A list of all finalized RFPs if there was a divergence from awarding the contract to the lowest-cost or highest-scoring vendor, and details as to why a divergence is justifiable as provided in the notification to vendors under subsection (2).

(d) The cost or service threshold required by department policy that must be satisfied in order for an existing contract to be received by a new vendor.

#### **DEPARTMENTAL ADMINISTRATION AND SUPPORT**

Sec. 301. From the funds appropriated in part 1 for terminal leave payments, the department shall not spend in excess of its annual gross appropriation unless it identifies and requests a legislative transfer from another budgetary line item supporting administrative costs, as provided by section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

#### **CHILD SUPPORT ENFORCEMENT**

Sec. 401. (1) The appropriations in part 1 assume a total federal child support incentive payment of \$26,500,000.00.

(2) From the federal money received for child support incentive payments, \$12,000,000.00 shall be retained by the state and expended for child support program expenses.

(3) From the federal money received for child support incentive payments, \$14,500,000.00 shall be paid to the counties based on each county's performance level for each of the federal performance measures as established in 45 CFR 305.2.

(4) If the child support incentive payment to the state from the federal government is greater than \$26,500,000.00, then 100% of the excess shall be retained by the state and is appropriated until the total retained by the state reaches \$15,397,400.00.

(5) If the child support incentive payment to the state from the federal government is greater than the amount needed to satisfy the provisions identified in subsections (1), (2), (3), and (4), the additional funds shall be subject to appropriation by the legislature.

(6) If the child support incentive payment to the state from the federal government is less than \$26,500,000.00, then the state and county share shall each be reduced by 50% of the shortfall.

Sec. 409. (1) If statewide retained child support collections exceed \$38,300,000.00, 75% of the amount in excess of \$38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current fiscal year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 410. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

(2) The department shall notify the chairs of the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies within 15 days after the authorization adjustment in subsection (1).

#### **COMMUNITY SERVICES AND OUTREACH**

Funds must be used to support staff compensation and training, victim needs, and community awareness, education, and prevention programs.

(2) The crime victim services commission may review the uses of funds appropriated in this section to determine if it merits utilization of the crime victim's rights fund on an ongoing basis in subsequent fiscal years.

Sec. 452. From the funds appropriated in part 1 for crime victim justice assistance grants, the department shall continue to support forensic nurse examiner programs to facilitate training for improved evidence collection for the prosecution of sexual assault. Expected outcomes are increased shelter discharges to stable housing destinations, decreased recidivism rates for shelter clients, and a reduction in the average length of stay in emergency shelters.

(2) By March 1 of the current fiscal year, the department shall submit to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, the house and senate policy offices, and the state budget office a report on the total amount expended for the program in the prior 2 fiscal years, the total number of shelter nights provided, and the average length of stay in an emergency shelter.

Sec. 455. As a condition of receipt of federal TANF revenue, homeless shelters and human services agencies shall collaborate with the department to obtain necessary TANF eligibility information on families as soon as possible after admitting a family to the homeless shelter. From the funds appropriated in part 1 for homeless programs, the department is authorized to make allocations of TANF revenue only to the homeless shelters and human services agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. Homeless shelters or human services agencies that do not report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements will not receive reimbursements that exceed the per diem amount they received in fiscal year 2000. The use of TANF revenue under this section is not an ongoing commitment of funding.

Sec. 456. (3) The sexual assault evidence tracking fund established in section 1451 of 2017 PA 158 shall continue to be maintained in the department of treasury. Money in the sexual assault evidence tracking fund at the close of a fiscal year remains in the sexual assault evidence tracking fund, does not revert to the general fund, and shall be appropriated as provided by law for the development and implementation of a uniform statewide sexual assault evidence kit tracking system as described in subsection (1).

Sec. 458. From the funds appropriated in part 1 for crime victim rights services grants, the department shall allocate \$2,000,000.00 from the crime victim's rights fund to maintain increased grant funding to support the further use of crime victim advocates in the criminal justice system. The purpose of the additional funding is to increase available grant funding for crime victim advocates to ensure that the advocates have the resources, training, and funding needed to respond to the physical and emotional needs of crime victims and to provide victims with the necessary services, information, and assistance in order to help them understand and participate in the criminal justice system and experience a measure of safety and security throughout the legal process.

Sec. 459. From the funds appropriated in part 1 for child advocacy centers - supplemental grants, the department shall allocate \$2,000,000.00 to continue to provide additional funding to child advocacy centers to support the general operations of child advocacy centers by allocating the funding to each center proportionally based on the number of children served at each center during the previous fiscal year compared to the number of total children served under this section. The purpose of this additional funding is to increase the amount of services provided to children and their families who are victims of abuse over the amount provided in the previous fiscal year.

From the funds appropriated in part 1 for runaway and homeless youth grants and domestic violence prevention and treatment, the department is authorized to make allocations of TANF revenue only to agencies that report necessary data to the department to meet TANF eligibility reporting requirements.

Sec. 464. From the funds appropriated in part 1 for diaper assistance payments, \$4,404,400.00 of TANF revenue must be allocated as grants to diaper assistance programs, maternity homes, and other nonprofit agencies that distribute diapers free of charge and were established as of January 1, 2020. Sec. 501. (1) A goal is established that not more than 25% of all children in foster care at any given time during the current fiscal year, if in the best interest of the child, will have been in foster care for 24 months or more.

(2) By March 1 of the current fiscal year, the department shall provide to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office a report describing the steps that will be taken to achieve the specific goal established in this section and on the percentage of children who currently are in foster care and who have been in foster care a total of 24 or more months.

Sec. 502. From the funds appropriated in part 1 for foster care, the department shall provide 50% reimbursement to Indian tribal governments for foster care expenditures for children who are under the jurisdiction of Indian tribal courts and who are not otherwise eligible for federal foster care cost sharing. The department may provide up to 100% reimbursement to Indian tribal governments that enter into a state-tribal title IV-E agreement allowed under this state's title IV-E state plan.

Sec. 503. (1) In accordance with the final report of the Michigan child welfare performance-based funding task force issued in response to section 503 of article X of 2013 PA 59, the department shall continue to review, update, or develop actuarially sound case rates for necessary child welfare foster care case management services that achieve permanency by the department and private child placing agencies in a prospective payment system under a performance-based funding model.

(2) The department, in conjunction with members from both the house of representatives and senate, private child placing agencies, the courts, and counties shall continue to implement the recommendations that are described in the workgroup report that was provided in section 503 of article X of 2013 PA 59 to establish a performance-based funding model pilot program for public and private child welfare services providers.
